Alexandria, VA 22313-1450

Sir:

This paper is submitted in response to the Restriction Requirement mailed October 31, 2006, for which the one-month date for response is November 30, 2006.

It is believed that no fee is due; however, should any fees under 37 C.F.R. §§ 1.16 to 1.21 be required for any reason relating to this document, the Commissioner is authorized to deduct said fees from Fulbright & Jaworski Deposit Account No. 50-1212/MOTB:033US/DDB.

On pages 2 and 3 of the subject Restriction Requirement, Examiner Tse identifies two groups of claims, claims 1-10 directed to the unrotated or rotated carrier suppression method of Figure 6 or Figure 8, and claims 11-28 related to the method of Figure 5 for performing a search method or calibration method.

Applicants respectfully thank Examiner Tse for the courtesies extended during the interview of November 29, 2006. During that interview, Examiner Tse indicated that an election of claims 11-28 would satisfy the restriction requirement. Therefore, Applicants hereby elect claims 11-28 for prosecution in this application, without traverse. It is believed that these claims correspond to the species of Figure 5.

Should Examiner Tse believe that another personal discussion would be helpful, he is encouraged to contact the undersigned attorney at 512/536-3005.

Respectfully submitted,

A handwritten signature in black ink, appearing to read 'D.D. Bahler', with a long horizontal flourish extending to the right.
